

Best Gleaming Spy Eyes

SK-II Eye Enhancer treatment

Freshen Up Your Eyes

You can always tell a person's age by looking at the eyes, so it is important to take good care of them. And with SK-II's unique Eye Enhancer treatment, you can keep your age a secret for longer. Just add the treatment to your facial to help boost tired peepers.

This intensive eye care incorporates bio-wave currents into a gentle eye massage using SK-II Massage Cream and Signs Eye Mask to give you clear and visible results in one 25-minute session.

The Eye Enhancer treatment is part of SK-II's Up-Lifting range of treatments, which consists of Up-Lifting Enhancer and Up-Lifting Facial. These specialised face and eye care treatments utilise a Bio-Wave instrument, which uses bio-wave currents to deliver anti-ageing benefits. So see your face glow with health once more, and become firm and toned as fine lines and wrinkles are reduced.

SK-II Boutique Spa is at: 31 Scotts Road, Tel: 6836 9168
• 02-27A Raffles City Shopping Centre, Tel: 6333 1940.
