

SK-II Boutique Spa

Combining luxury and technology, the SK-II Aqua Pure Facial is the ultimate way to pamper yourself and indulge your skin.

Best Deep Cleansing Facial Treatment

Even with daily cleansing, debris, sebum and waste can build up on the skin surface and deep within your pores. This can lead to a dull complexion and the occasional breakout.

Give your skin a much-needed reboot with SK-II Aqua Pure Facial at the SK-II Boutique Spa by Senze Salus. This treatment uses lactic acid and a special machine to gently yet effectively cleanse your skin. Instead of using abrasive micro-crystals, the treatment uses a special vortex tip to gently strip away dead skin cells. Salicylic acid is then applied to renew your complexion.

A bespoke cocktail of nourishing ingredients is then selected to address your skin needs and a moisture-boosting Facial Treatment Mask are applied, leaving your face purified and recharged.

SK-II Aqua Pure Facial, \$260 for 90 min

Also try: As you age, your skin's metabolic rate slows down, affecting its ability to repair and regenerate itself. Give your skin a much-needed boost with an infusion of pure oxygen from Senze Oxygenated Facial. SK-II Treatment Essence is applied to the skin to boost the benefits, and you'll be breathing in pure oxygen throughout the treatment to promote inner well-being.

Senze Oxygenated Facial, \$400 for 100 minutes

SK-II Boutique Spa is at #02-54/55 Millenia Walk Shopping Centre, Tel: 6336 4880, and #02-06 Shaw Centre Shopping Centre, Tel: 6836 9168.
