

# ELLE beauty TREAT LIST 2015

## **WINNER** BEST BRIGHTENING FACIAL

### SK-II AURA LUCENCY FACIAL

Many facial treatments zoom in on just one or two skin concerns, when in reality, women want it all — a brighter, clearer, more even skin tone, and a plumped-up, firm visage without fine lines and wrinkles.

Thank goodness there's the SK-II Aura Lucency Facial at the SK-II Boutique Spa by Senze Salus.

Neatly crystallising all our skin concerns into one wonderful concept — “aura”, the facial seeks to target all your concerns in one fell swoop. It employs masterful techniques and premium SK-II Cellumination products, including triple-mask care for the face, eyes,

and neck. In addition, a Biowave machine treats fine lines and wrinkles round the eyes.

It's ideal for women who are plagued by skin dullness, uneven skin tone, pigmentation, lack of firmness and fine lines, not just on the face, but also on the delicate eye and neck areas too. Post-treatment, skin regains its glow and transparency, fine lines are plumped up, skin tone is improved, and overall, your appearance is refreshed and more youthful. Yes, we truly can have it all.
