1 TOTAL REJUVENATION
It's only when the skin is in a state of rest that it can fully rejuvenate and repair itself. That's why the spa has Sensational Beds—think soft goose down mattresses, heated mattress pads and Tempur therapeutic pillows. Customers are so comfortable during their treatment that they fall asleep.

2 GREAT STAFF
The spa boasts therapists with solid skills, an average of eight years' experience, and an excellent client service mindset—all thanks to their "Happy staff equals happy customers" motto, which ensures that they specially train every therapist.
