

Best Luxury Facial
Cloud 9 Facial, SK-II Boutique Spa
by Senze Salus

Highlights Personalised and customised to what your skin needs, the Cloud 9 facial begins with a detailed skin analysis. Top-grade certified organic essential oil blends prepare the skin to better absorb and benefit from the use of SK-II products. Culminating the treatment is a heavenly massage using the Marguerite Maury technique to increase circulation, drainage and lymph node stimulation — all essential in bringing therapeutic benefits to your skin.

Why We Love It Designed to soothe varying skin concerns, this extravagant, queen of all facials combines the miraculous benefits of SK-II, premium organic essential oil blends and relaxing massage techniques. With the Cloud 9, skin treatments reach a whole new level.

Star Features Expect the use of up to 16 SK-II products in the Cloud 9 facial alone – which can range from hydration to whitening to anti-ageing. Also on hand are oil blends such as the Uplift with rose otto, palmarosa, geranium, jojoba and sweet almond to give new life for mature and ageing skin. Meanwhile, the Soothe blend, made of German Blue Chamomile and Mont Blanc Lavender, is best for sensitive skin. \$280 for 99 minutes, Tel: 6836 9168
