

Best Skin Rejuvenator

SK-II Boutique Spa - by Senze Salus SENZE RENEWAL PROIONIC FACIAL

Revitalise skin with a combination of state-of-the-art aesthetic technology, and the most luxurious skincare products and rituals. This facial takes you, and your skin, on the ultimate healing journey.

During this treatment, radiofrequency currents of 448 kHz are emitted through a metal massage head to boost the vital function of skin cells. This enhances lymphatic drainage and microcirculation to better supply your skin cells with oxygen and nutrients. Well-nourished cells repair and regenerate faster for less noticeable fine lines, as well as a general firming and lifting effect. At the same time, unwanted fat cells are broken down to achieve slimming and contouring effects.

Besides cutting-edge technology, you will also experience SK-II's iconic anti-ageing products such as the Facial Treatment Essence, Skin Signature 3D Redefining Mask and Signs Uplifter, along with stress-relieving scalp, neck and shoulder massages. Sit back, relax and wake up to newfound radiance.
